Health Tip

Mrs. Martia Metcalf

The Bible teaches that every healthful habit must be brought into daily life. *1 Corinthians 10:31 "Whether therefore ye eat, or drink, or whatever ye do, do all to the glory of God."* God's original dietary plan is tailored for our modern world too! A major portion of the diet should consist of fruits and vegetables prepared in a natural, healthy way. Rich foods and concentrated foods high in sugar, fats and oils, table salt, and protein from meat and other animal products should be eliminated. Look for easy, delicious plant-based recipes that your kids will love in upcoming NewsNotes.

Pre-K

Mrs. Joanna Davis

No school Monday due to parent-teacher conferences.

We have been busy reviewing what we've learned this school year. It's hard to believe we're already in our last semester. We enjoyed the beautiful weather. Our Spring Break is March 25-29.

I will be sending home a memory verse for your child to learn after spring break.

If you have not signed up for the OAS Family Fun Run and would like to, please pre-register this weekend. You can use the QR code in the Home & School section of the NewsNotes.

Kindergarten Mrs. Yossy Castillo

What a busy week! In math class, we talked about triangles, squares, and rectangles. The letter of the week was X; we looked for words that started and ended in x.

Science class was very interesting; we talked about the human body and how God made each part of our body for a special function.

We will have parent-teacher conferences next Monday. See you soon!

Our letter for next week: li

Our Bible verse:

"I trust in God, so why should I be afraid?"

Psalm 56:11

1st & 2nd Grades Mrs. Jamie Short

This week we enjoyed the beautiful weather despite all our allergy symptoms. Keep in mind that next week we will not have class on Monday, but I do look forward to seeing each of you for the Parent/Teacher conferences.

In Math, first grade has been practicing counting by ones and tens as we look more into place value. In second grade we reviewed and tested our subtraction strategies. Next week we will begin working on numbers up to 1,000.

In Science, we talked about fossils and dinosaurs. Next week we will begin our lessons on weather and seasons.

In Bible, we finished up the story of Moses and the Sanctuary. Next week we will begin to look into the life of Ellen White and the start of the Adventist Church.

3rd & 4th Grades Mrs. Eva Hill

☺ A huge **thank you** to all the parents and grandparents who drove us to the Jones Center for ice skating this week. We are blessed with so many wonderful volunteers!

☺ **Parents, I am looking forward to meeting** with each of you next Monday at Parent-Teacher conferences. If you haven't yet scheduled a time, please let me know.

☺ **Track and field** is next Friday. Students come in appropriate non-uniform clothing so they are ready to MOVE!

☺ **Spelling words from lesson 26** will be tested next Friday. Your child's lesson 26 word list is stapled to the progress report in their Friday envelope.

5th & 6th Grades Mrs. Tania Miller

Dear Parents/Guardians,

Please take note that next week on Monday are Parent-teacher conferences. Please contact me at 7852801073 if you still need to make an appointment. I look forward to meeting with all of you!

On Thursday next week, we have a field trip to The Gathering Place, in Tulsa. The permission slips are in the Friday folders. If you would like to drive, please contact me.

On Friday next week, we have track and field, students may wear athletic wear, but please be sure their clothing follows OAS standards-appropriate lengths with shorts and appropriate logos.

No Bible memory verse or spelling words next week!

March book reports are due after spring break. Happy Reading!

Grade reports: none this week.

Reading: Please help your child do their very best in school and encourage them to read 20-30 minutes from their AR books every evening. It is a new quarter, and students need to earn 10-15 points by May.

7th & 8th Grades Mr. Demetrius Bell Mrs. Tara Bailey

Strengthening Math Skills

In mathematics, our students delved into the intriguing world of the Pythagorean theorem, unraveling complex problems with determination and resilience.

Practical Arts and Spiritual Development

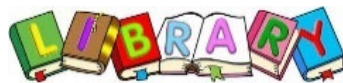

Beyond the classroom, our students had the privilege of experiencing the wonders of nature through a captivating presentation by master Gardener Mrs. Zambrano. These hands-on experiences serve as poignant reminders of God's providence and the importance of stewardship in our journey of faith. Moreover, we were blessed by the presence of Elder Jason Summers, who graciously led us in another engaging session exploring the profound teachings of Jesus through parables.

Creative Writing Shines

In the realm of creative expression, our students showcased their literary talents during "The Author's Chair" feature, where they shared the final drafts of their "Shipwrecked"-themed creative stories.

May God's grace continue to abound in our midst as we journey together as a community of faith and learning.
